## **FOR IMMEDIATE RELEASE**

### **Graphic Communications, Inc. Introduces New Silk Screen Printing Services for Corporate T-Shirts and Promotional Products**

Graphic Communications, Inc., a provider of comprehensive custom label printing services including [digital printing](#), [flexographic printing](#), label conversion and flexible packaging located in Warminster, PA, proudly announces the launch of our new [silk screen printing services](#) for custom t-shirts, jerseys and promotional products.

Warminster, PA (PRWeb)—May 15, 2012 - Graphic Communications, Inc. (GCI), a custom label and [flexible packaging printer](#), has launched our new silk screen printing services.

GCI strongly believes in offering clients a comprehensive range of printing and packaging services and working with them as their multi-service solutions provider on a long term partnership basis.

“GCI”, according to the President, Loretta Lawler Andrews, “views the new silk screen printing services as a valuable addition to our custom label printing and flexible packaging solution capabilities and an important marketing component in helping advance our client’s businesses.”

Leveraging relationships with several partners combined with our in-house capabilities, GCI’s silk screen printing services consists of the design work, production and order fulfillment. Our in-house art department, in particular, can assist clients with either optimizing an existing design or developing a new one in a collaborative manner.

GCI specializes in multiple types of custom team or corporate t-shirts and jerseys along with promotional products including corporate mugs, pens, mouse pads, hats and bags amongst others.

Rush services are available if needed. Please contact us at 1-800-441-5335 or find out more about our [label printing services](#) online.

#### **About Graphic Communications, Inc.**

GCI is a family-owned and operated company established in 1974 and located in Warminster, PA. We understand the importance of your product arriving on time and on specification. That is why we have become a trusted "behind-the-scenes" partner to several companies within the printing industry—including our competitors. Built on a foundation of innovative processes, consistent quality and commitment to customer response and satisfaction, GCI has established its reputation as a fully integrated, single-source custom label printer for rotary screen and flexographic labeling and packaging.
